Dear Mr. Tarr, and Mr Regan,

I'm very concerned to see how close you are to allowing the ACP to rip through North Carolina.

The benefits of this pipeline are totally negligent, and I'm sure you're aware of the perils it will bring to communities, both human and of our natural resources.

Your leadership is crucial in leading us toward a clean and equitable energy dynamic. We don't need to go down this road that will keep us tied to the harmful and shameful fossil fuel industry. Please take good care of your responsibility and weigh in for the people who are counting on you.

With respect and appreciation that you make good decisions to deny this pipeline,  
Nathalie Worthington
